

PRODUCT CATALOGUE

High quality sensory products for everyone

ABOUT US

Here at Playlearn Sensory we've been developing Sensory Toys for children with Additional Needs since 2007! Starting with a product catalogue that only spanned 6 pages to the one you have in your hands right now, I think it's clear to see we've come a long way!

We proudly boast that our growth hasn't compromised the personal touch we maintain with our customers; priding ourselves on fair pricing without the compromise of quality - as EVERY child with Additional Needs should be able to access fantastic Sensory Products that they need.

Join us in providing the best quality Sensory products and toys on the market, together we can make a real difference.

We welcome you to come and visit us and see our large showroom based in Manchester, UK, where we showcase our latest and most popular products.

Please take a look at our catalogue, if you have any queries do not hesitate to contact us! Many thanks,

Arje

You may notice the below icons next to certain products in our catalogue. This is to help you identify some of the key features/skill development each product offers. The same icons are also used on most of our product packaging.

WATER FEATURES

portable sensory rooms

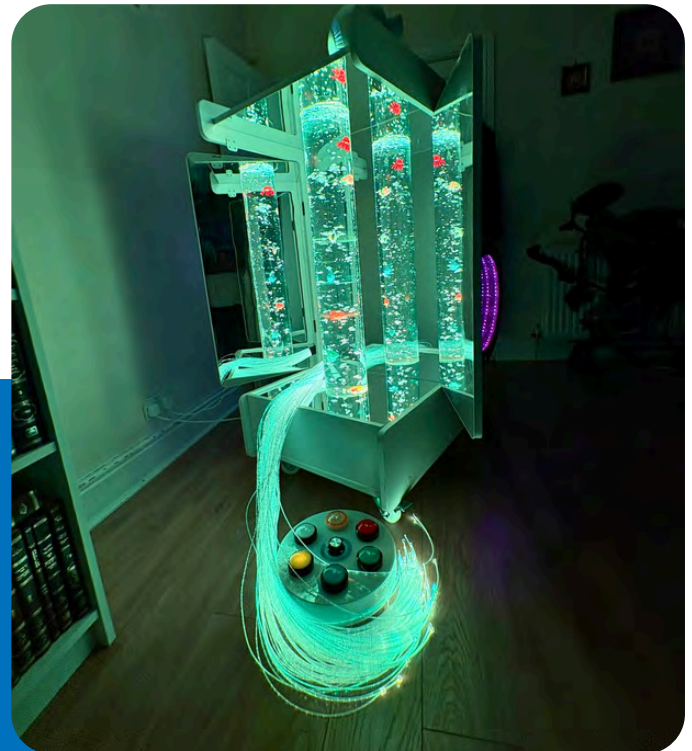

Large Portable Sensory Room

SKU: SCART180

Cleverly designed for maximum functionality with moveable mirrors and extensive storage. Available space on the sides to display more sensory products. Includes a bubble tube and space for fibre optics

Size: 76x120x180cm

Small Portable Sensory Room

SKU: SCART90

A smaller version of the above product. Features space for fibre optics, rear storage cupboards and 2 usable sides for hanging sensory products. Includes a bubble tube

Size: 90x60x90cm

Portable sensory rooms offer a flexible way to create a calming, multi-sensory space in any environment. Easy to move and ideal for shared or smaller settings, they support sensory exploration, relaxation, and focus, particularly for children with additional or sensory processing needs. Both models include a bubble tube and can be customised with a wide range of optional extras – such as fibre optics and additional sensory equipment (see next page for examples of what you can add) – allowing each space to be tailored to individual needs without the need for a permanent sensory room.

Our portable sensory rooms are designed to be highly adaptable. They include space to add fibre optics for extra visual stimulation and built-in storage for plugs and accessories, keeping all your sensory equipment organised and easily accessible.

The portable sensory rooms also allow for items to be hung on the side panels, creating further opportunities for sensory engagement. The larger model, in particular, can accommodate a wide range of our wall-mounted products, such as the Rotating Colour Spectrum Light Panel (page 24) and the Wall Hanging Sensory Light Panel (page 32), allowing you to customise the space to suit individual needs and activities. Smaller sensory items can be stored inside the unit, while projectors and other equipment can be safely positioned on top of the portable sensory room.

Jumbo Bead Tube With Mirror and Padded Surround

NEW

SKU: JBT180

Sizes -

Bubble Lamp: 20x180cm

Arched Mirror: 200x150cm

Rounded Soft Padded Base: 121x80x20cm

Elevate your relaxation and sensory environment with our Jumbo Bead Tube, thoughtfully designed as an all-in-one system. This captivating piece combines a mesmerizing jumbo bubble tube, a reflective arched mirror, and an integrated soft base to create a stunning focal point for visual tracking, sensory integration, and calming experiences.

Watch as colourful ping-pong balls and beads cycle continuously within the dual-chamber water column, propelled by gentle bubbles and illuminated by vibrant LED lighting. The included arched mirror adds an illusion of infinite depth, transforming the playful motion into a tunnel-like visual flow that encourages focus, concentration, and calm.

The soft, semi-circular cushion (30cm) securely wraps the bubble tube's base, sitting flush against the mirror to provide a safe, cosy, and seamlessly integrated setup.

For convenience and control, the system comes with a remote for easy adjustment of lighting and colour modes or connect via Bluetooth to your mobile app to control lights, colours, brightness, and dynamic effects directly from your smartphone.

Perfect for therapy rooms, sensory spaces, or relaxation corners, this Jumbo Bead Tube with mirror and padded surround transforms any environment into a captivating, immersive sensory experience.

Special Feature!

Simply scan the QR code that is printed on the supplied manual to download the app that lets you control light colours, brightness and dynamic effects directly from your smartphone!

LARGE SENSORY

mirrors

Mirrors are crucial sensory tools because they build self-awareness, enhance visual tracking, promote motor skills (like lifting heads during tummy time), and aid emotional and social learning by allowing observation of expressions, leading to deeper self-recognition and understanding of others, making them vital for cognitive and physical growth, especially in early childhood and for individuals with additional needs.

FLOOR SENSORY

Explore a vibrant range of floor-based sensory solutions, including tactile floor tiles, interactive carpets, and stimulating textured surfaces. Each product is designed to encourage exploration, movement, and sensory engagement, helping to create dynamic spaces that stimulate the senses and support development in children and individuals with additional needs.

liquid floor tiles

6 Pack 50cm Liquid Floor Tiles

Size: 50x50cm each tile

A wonderful visual and tactile stimulation that really does encourage movement and exploration. Every step, jump or press of your hand causes the liquid gel to shift in expressive ways.

These tiles are tested to the highest standards, meaning they can withstand jumping and strenuous use by children *and* adults as well as the weight of wheelchairs accompanied by their user.

These tiles can also be used on a tabletop or any flat surface. Gripped backing keeps them from sliding around, so you are free to explore movement in all ways!

aroma diffusers

Smell is one of the most powerful senses, yet it's often forgotten when creating sensory spaces. A familiar or gentle scent can instantly change how a room feels, helping to calm, comfort or focus the mind. Aroma diffusers offer a simple way to add this extra layer of sensory support, creating spaces that feel more relaxing, welcoming, and emotionally balanced.

Multifunction Aroma Diffuser Lamp

Size: 14x13cm | SKU: AD100B

Features: Can increase or decrease the mist level. Bluetooth Compatible. Lights up and colour changes.

Sensory Vista Projector

Size: 26x17cm

SKU: VISTAPRO

Step into an immersive sensory experience with the Sensory Vista Projector, designed to fill any space with engaging visuals and atmospheric sound. Ideal for relaxation, learning and sensory exploration, this versatile projector brings scenes to life through movement, colour and audio. Its clever dual-lens design and integrated speakers work together to create a rich, multi-sensory environment that captivates and soothes.

Key Features

- 8 interchangeable image discs featuring a variety of scenes, from calming landscapes to cosmic visuals.
- Built-in disc storage holding up to 8 discs for quick and easy changes
- Remote control operation to adjust disc selection, image movement speed and projection modes
- Dual lens system
 - Dynamic lens multiplies images for layered, rotating effects, ideal for lifelike motion
 - Wide single lens projects bold, images across a larger area
- Long-range projection delivering bright, clear visuals up to 10 metres
- Integrated audio with dual speakers that pair soundscapes with visuals for a fully immersive sensory experience

Therapy Putty 500g Yellow - Soft

SKU: STP500YEL

Therapy Putty 500g Green - Medium

SKU: STP500GRN

Therapy putty is an effective way to exercise and strengthen hands. It is ideal for individuals with arthritis and is also suitable for post-surgical rehabilitation. Lightweight and non-greasy, it is perfect for those with reduced hand strength. Its soft, velvety texture comes from a unique formulation that makes it less oily. The putty will not stick to skin or collect under fingernails, and it maintains consistent resistance during pinching and squeezing exercises.

Therapy Hand Strengthening Balls - 5 Pack

SKU: THSB5

Improve grip strength, circulation, and reduce stiffness. Ideal for arthritis, carpal tunnel, tennis elbow, tendonitis, and rehabilitation. Five resistance levels to build strength gradually.

Train Climber Ball Pit

SKU: SABALLP

Size: 195x180x30cm

A soft-play ball pit designed for early years environments. The layout combines a central ball pit with supportive upholstered sections that children can sit on, climb over and explore. This encourages sensory play, physical development, balance and coordination, as well as social interaction. Finished in calming, neutral tones, it creates a safe and inviting space for both active play. Ideal for nurseries and preschools.

BOUNCY BAND

Official Suppliers of **Bouncyband®**

SKU: ROCKBU

“Bouncyband stands out through our unique approach, unwavering commitment to quality, and focus on affordability.”

—Steve Wampold, Bouncyband® CEO

We are proud to be official suppliers of Bouncyband, a trusted range of movement-based sensory tools originally developed by a school counsellor to help children stay engaged while seated. Used by educators, therapists, and parents worldwide, Bouncyband products provide gentle, purposeful movement that supports focus, learning, and self-regulation.

The range includes dynamic movement bands for chairs and desks, flexible seating, balance and wobble tools, calming aids, and discreet fidgets, all designed to help children stay alert, reduce restlessness, and maintain posture. Backed by classroom research and practical experience, Bouncyband tools are versatile, durable, and easy to integrate into early years settings, schools, and therapy spaces.

By combining movement, sensory feedback, and fun, Bouncyband encourages healthy, active habits while supporting a variety of learning and sensory needs. It's a reliable, engaging, and evidence-informed solution for creating inclusive environments that help children focus, regulate, and thrive.

Water Channel Activity Frame

SKU: WCAF

Size: 115x115x140cm

This free-standing water channelling frame is designed to hold a variety of water channels. Children can arrange and reposition the holders on the frame to create simple or more complex designs, using as many channels as they wish. Once built, they can watch cars, balls or water flow through the channels, encouraging experimentation and problem-solving. Suitable for indoor or outdoor use, the powder-coated finish helps protect the frame from the elements and makes it easy to move and reposition.

SKU: CORNG-B SKU: CORNG-G SKU: CORNG-I SKU: CORNG-R SKU: CORNG-Y

These Wall Corner Guards offer a soft and effective safety solution for protecting children from sharp edges in educational and play settings. Designed with both functionality and aesthetics in mind, it cushions accidental bumps and helps prevent injuries in busy areas such as nurseries, schools, and sensory spaces. Made from durable polyurethane foam with a closed-skin surface, it delivers excellent impact resistance while maintaining a smooth, clean finish. The neutral ivory colour blends effortlessly into any interior environment.

NEW

Corner Guard Deluxe Pencil

SKU: CORNPEN

Size: 100x7.2x7.2cm

Boost safety in schools, nurseries, and play areas with the Corner Guard Pencil, a fun and functional solution designed to minimise the risk of injury from sharp edges. Crafted from high-quality polyurethane integral foam, it offers excellent impact resistance and long-lasting durability - ideal for high-traffic environments.

NEW

Corner Guard Plus

SKU: CORNG+W

Size: 100x3.2x3.2cm

The Corner Guard Plus protects children from sharp corners and edges and reduces the risk of injuries due to a collision.

NEW

Pillar Wall Guard

SKU: PILLAR

Size: 200x100cm

It's designed specifically to wrap around exposed poles/pillars and soften the impact if a child accidentally bumps into them.

Finger Alert

120cm length SKU: FING120

180cm length SKU: FING180

Provide reliable protection against finger-trapping accidents with the Transparent Door Finger Guard - ideal for use in homes, schools, nurseries, and childcare facilities. Designed for doors that open up to 110°, this guard creates a safer environment by covering the gap between the door and frame, helping to prevent finger injuries.

Manufactured from high-quality transparent material, it blends discreetly with any door style, preserving a clean and professional look. Supplied with pre-applied Tesa adhesive tape, it offers quick and secure installation without the need for additional tools or fixings.

Sound-absorbing Acoustic Bird Panel

Size: 113x69x4 cm

SKU: ACBIRD

Bring calm and character to any space with the Acoustic Bird, a beautifully shaped sound-absorbing panel that transforms noisy environments into places of focus and comfort. Inspired by the lightness and freedom of a bird in flight, this panel is more than a practical acoustic solution—it's a decorative statement that sparks imagination.

NEW**NEW**

Sound-absorbing Acoustic Cloud Panel

Size: 114x72x4 cm

SKU: ACCLOUD

The Acoustic Cloud is a sound-absorbing panel for ceilings and walls to reduce noise and improve acoustics in classrooms and other spaces. The cloud-shape makes the panel a playful element in a nursery or school.

Light Up Colour Changing Sound-absorbing Acoustic Cloud Panel

Size: 114x72x4 cm

SKU: ACCLOUD-LED

This is similar to the above product it reduces noise and improves the acoustics of any room you add this too, with the addition of the mesmerising colour changing feature. This product also comes with a remote control so that you are able to change the colour modes and settings.

HAPPY HOPPERZ®

Happy Hopperz® are vibrant, inflatable animal hoppers that bring a modern twist to the classic 1970s space hopper. Designed by a husband-and-wife team, these hoppers are **built specifically for toddlers**, featuring **easy-to-grip handles** and **stabilising feet** for safe bouncing. Made from durable, phthalates-free PVC, Happy Hopperz® are available in various sizes and styles, **suitable for both indoor and outdoor play**.

More than just fun, Happy Hopperz® are beneficial for children's development. They **strengthen core muscles**, **improve balance**, and **develop coordination**. In the **NHS** and *paediatric care sectors*, therapists use Happy Hopperz® to aid children with conditions like **Cystic Fibrosis** and **Autism**, supporting **muscle strength** and **motor skills**. For pre-walkers, they encourage babies to build **leg strength** and **confidence** for those first steps. Happy Hopperz® are **portable**, **easy to inflate**, and **noise-free**, making them a perfect toy for active play at home, in the park, or even on holiday.
