# INSPIRING LEARNING THROUGH PLAY

## **Making learning tangible, accessible & inspiring since 1992**

At Robo Educational Toys, we believe that everyone deserves tools that make learning inspiring, hands on and accessible. Since 1992, we have been developing educational toys, games and learning aids that support curiosity, creativity and confidence. From playful innovations like ClickyBlox®, our magnetic blocks that encourage exploration, problem solving and imagination, to practical learning tools like the Time Timer® that help users manage time and focus, every Robo product is designed to make learning tangible, joyful and effective.

Our approach combines decades of educational experience with a passion for thoughtful design. Every product is carefully crafted and tested according to European safety standards, ensuring lasting quality and reliability in classrooms, therapy settings and homes alike. By working closely with teachers, specialists and parents, we continue to evolve our range to meet the diverse needs of modern learning environments. At Robo Educational Toys, we aim to empower every individual to learn, grow and succeed — through curiosity, creativity and play.

## LITTLE BLOCKS, BIG IDEAS

### Magnetic play for growing minds

ClickyBlox® are colourful magnetic blocks that inspire creativity and learning — a joyful, screen-free alternative for growing minds.

Designed for children aged 3+, our four ClickyBlox® sets — Shapes, Numbers, Alphabet and Animals — each offer a fun and interactive way to build creativity, fine motor skills and early cognitive skills.

## LITTLE CARDS, BIG IDEAS

The Challenge Cards enhance the ClickyBlox® sets by turning play into active learning. Designed for ages 3+, each card pairs a Fun Fact with a hands-on Challenge that invites children to build, count, move or imagine.

They help develop curiosity, creativity and logical thinking while exploring numbers, letters, shapes and animals.

Each version includes two packs and is sold separately from the ClickyBlox® sets.

Available in English and Dutch, other languages on request.

**Animals Packs**

### WHAT'S IN THE SET

27 magnetic blocks:

- Each block shows parts of different shapes with different colours.
- Combine them to complete 6 big puzzles: square, circle, star, rectangle, oval, and triangle

### HOW TO USE?

These blocks are designed to help children:

- Recognise and name shapes.
- Explore how pieces fit together.
- Develop problem-solving and persistence.
- Play freely — from simple matching to solving all six puzzles at once!

### FOR PARENTS AND EDUCATORS

These blocks support early development through:

- Colour and shape recognition.
- Pattern-building skills.
- Creative, open-ended play.
- Fine motor development and spatial awareness.

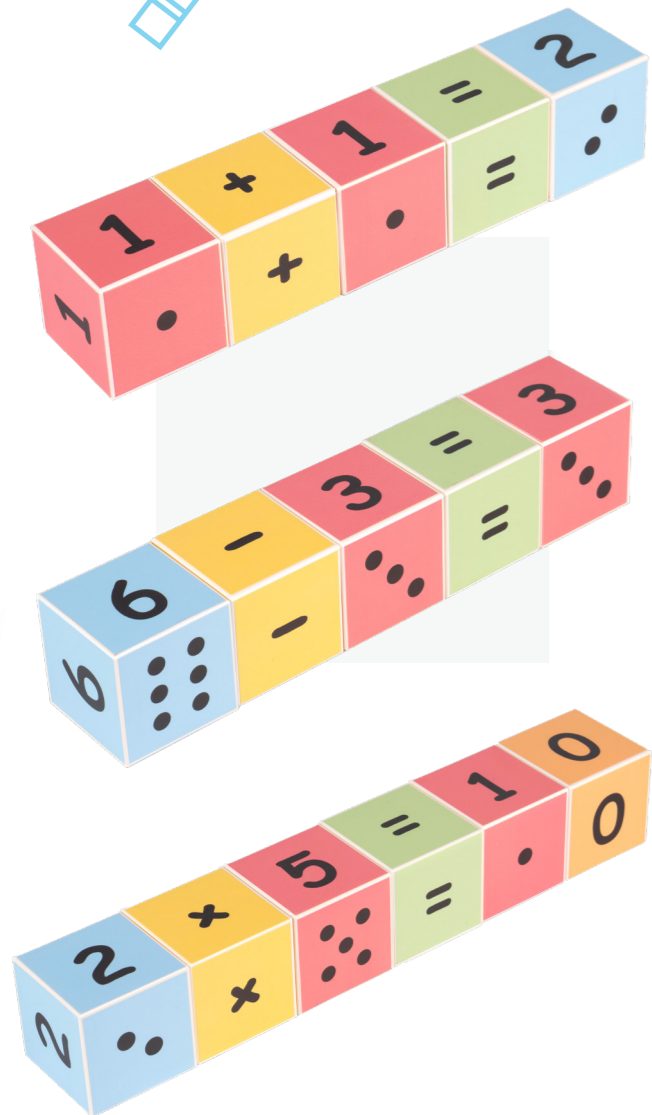

Use them for quiet solo play or as part of interactive group activities.

No rules, just fun - play any way you like!

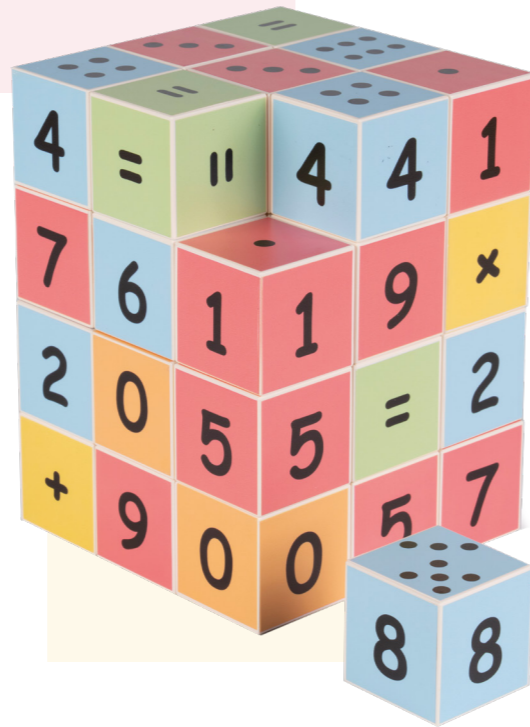

### WHAT'S IN THE SET

- 36 magnetic blocks:
- 23 Number Blocks: Three of each for 0, 1, 2; Two of each for 3-9.
  - 6 Calculation Blocks: Symbols for +, -, ×, ÷
  - 6 Equals Blocks: = on all six faces.
  - 1 Empty Block: Write your own when needed.

Each block shows the same symbol on all six sides. Two faces use dotted symbols to support counting.

## NUMBERS

Ref.nr. CB0004 - ClickyBloX® Numbers  
12,0 x 12,0 x 16,0 cm

### HOW TO USE?

- These blocks help children:
- Discover what numbers look like and how to build them.
  - See how numbers connect.
  - Explore maths in a playful, hands-on way.

### FOR PARENTS AND EDUCATORS

- These blocks support:
- Early numeracy.
  - Symbol recognition.
  - Logical thinking.
  - Playful, hands-on math.

## ALPHABET

Ref.nr. CB0003 - ClickyBloX® Alphabet  
12,0 x 12,0 x 12,0 cm

### FOR PARENTS AND EDUCATORS

Designed to make word-building fun and accessible, these blocks include multiples of key letters so children can form everyday words, experiment, and learn through play.

These blocks support:

- Early reading and spelling skills.
- Letter recognition and confidence.
- Open-ended, hands-on exploration.

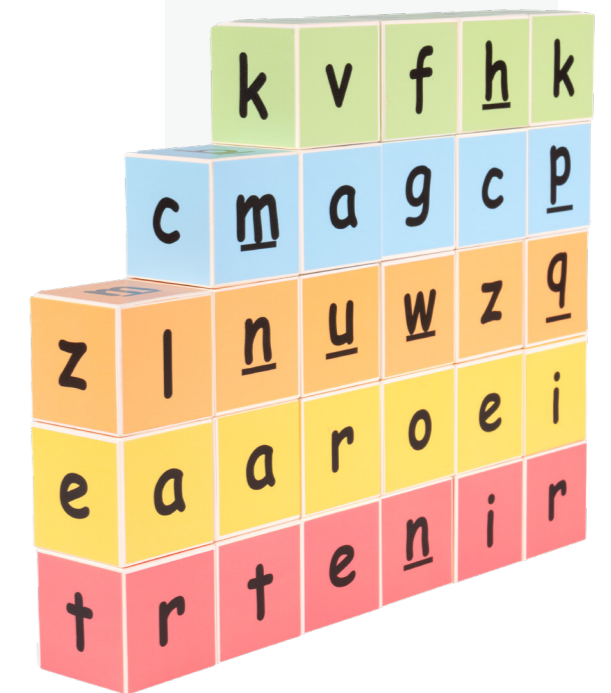

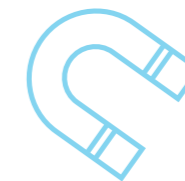

Perfect for independent discovery or collaborative play.

### WHAT'S IN THE SET

- 27 magnetic blocks:
- Each block features lowercase letters on all 6 faces.
  - Letters are grouped by frequency of use, making it easier to build real words.
  - Uses the European Latin alphabet — suitable for all languages that use this script (e.g., English, Dutch, French, German, Spanish, Scandinavian languages).

### HOW TO USE?

- These letter blocks are designed to help children:
- Recognise letters through repetition.
  - Strengthen spelling and vocabulary in a tactile, playful way.
  - Build words, play games, and learn at their own pace.

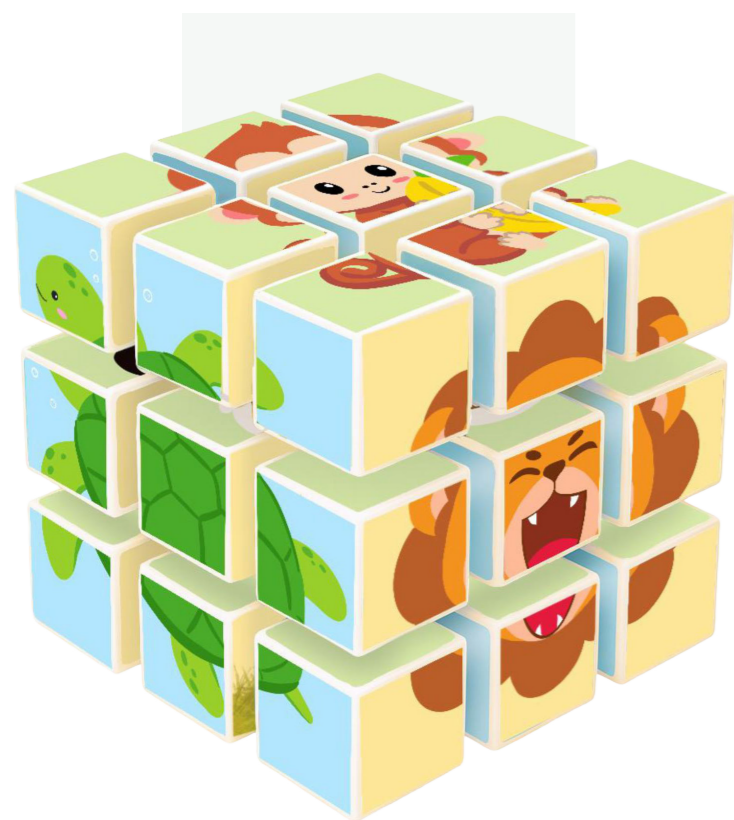

### WHAT'S IN THE SET

- 27 magnetic blocks:
- Each block features parts of different animals.
  - Combine them to build 18 complete animals from 6 different habitats.

### HOW TO USE?

- Recognize animals and match the correct parts.
- Develop storytelling through playful discovery.
- Play creatively — from simple matching to imaginative builds.

### FOR PARENTS AND EDUCATORS

- These blocks support:
- Visual-spatial reasoning.
  - Pattern recognition.
  - Collaborative play.
  - Language development through storytelling.

Encourage children to observe colours (like habitats), explore freely, invent their own games, and build — then rebuild the cube.

At Time Timer®, our worldwide team works diligently to provide quality products and customer service. We design all our products to last, and we test and manufacture to the highest quality standards. Contact us if you have any questions or concerns.

Time Timer® believes in creating products that truly help people of all ages and abilities conquer time – in the classroom, in the home, and in the office. While time can be a challenge for everyone, we aim to provide intuitive and innovative solutions that make a real difference.

The Time Timer LABS® program was developed as part of our commitment to innovation and continuous improvement. By introducing Intuitive Assistive Technology concepts into the market or testing environments early and quickly, we are able to gain insight from user feedback and build products that further enhance the lives of our users, often with their deepest needs front and center.

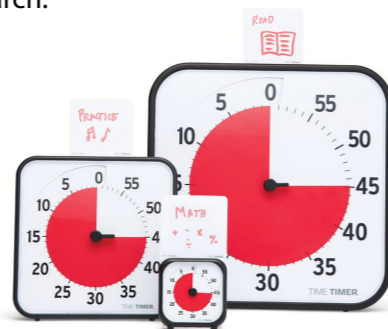

Our mission is to improve lives through the visual measurement and management of time. We are committed to sharing our success with others. Whenever possible, we give back generously to our communities through our 1% Giveback Programs.

## The Time Timer® DIFFERENCE

More than 30 years ago, Jan Rogers youngest child struggled to make transitions from one daily routine to another. Motivated to solve this universal problem, Jan created the original visual timer, the Time Timer®.

Time Timer® has been featured in many research studies across various fields. Its effectiveness in improving time management and focus has been demonstrated in education, healthcare and workplace productivity research.

This tool aids individuals in visualizing time, enhancing efficiency and reducing stress in diverse settings.

Time management is a key life skill, no matter how your brain is wired. The award-winning Time Timer® makes time visible with its clear, patented red disk that disappears as time passes. Traditional timers rely on abstract numbers. Time Timer® does the visualizing for you, showing exactly how much time is left. This helps reduce stress around time management for children, adults, and neurodivergent individuals—at school, at home, and in the workplace.
